Maggie Muriithi

Full Stack Developer
Malindi, Kilifi County, Kenya

Summary

A skilled developer with a passion for coding and Marvel, I specialize in React.js, React Native, NodeJS, and Ruby on Rails. I have experience in mobile and frontend development and hold certifications in programming languages like Ruby, React Native, and SQL. Currently, I work as a Mobile Application Developer at LUNA Africa. I also have experience in real estate, where I worked as a Head of Property Consultancy and Business Development and Real Estate Agent. My educational background includes an Associate's degree in Computer Software Engineering and a Certificate in Investment and Financial Analyst. I am a highly motivated individual who strives to deliver high-quality work and exceed client expectations.

Experience

LUNA Africa
Software Engineer
May 2023 - Present (3 months)
Kigali City, Rwanda

Utilising React Native to develop mobile applications for converting websites into intuitive and responsive mobile experiences.
Collaborating with a team of designers and developers to translate website functionalities into mobile app features.
Implementing features such as navigation, data fetching, and data display to ensure seamless user experiences across different devices.
Conducting thorough testing and debugging to optimize app performance and ensure compatibility with various mobile platforms.

PlayPesa Nigeria
Frontend Developer
April 2023 - Present (4 months)
Remote

Work closely with lead developers to design products and solutions to different user and infrastructure problems.

Communicate design ideas using user flows, process flows, site maps, and wireframes.

Maintain standards compliance.

Integrate software with existing systems.

Document source code and ensure that technical documentation i.e. configuration guides, install guides meet requirements.

Coding, unit testing and debugging applications in various software languages.

Proximity Point Properties
